

July - August 2020

Dear Pastor and Friends,

**Matias' Story:**

One day, I was out in the village of Misongeni, ordering bricks for the Imani Village Project. Since I would not be present when they were delivered, we had to go out to the site in my truck to give details on where to offload them. Some of the people standing around began to tease the man before he got into my truck, saying, "Oh, be careful . . . are you one of 'those saved ones' so you can get into the pastor's vehicle?" The man laughed and shrugged them off. As we started down the road, I asked Matias if he knew if he was one of "those saved ones." He was not able to give me a straight answer, and I was able to share with him the truth of God's salvation. Matias accepted Christ while sitting in my truck, and when he got out, he was one of "those saved ones"!

**Youth Camp:**

We held our annual Youth Camp for our church teenagers at the end of June. Because of the pandemic, we were not able to have camp at the place where we usually do. We improvised and held a three-day camp on our church property for our young people. We were able to treat them to meals at our house, as well as special restaurants, which they all enjoyed very much. Their hearts were stirred during the preaching, and many decisions were made for Christ.

**Pastors' Training:**

At the end of June, we brought in the pastors we have worked with to start churches in different parts of Tanzania. They were here for three days of training. We were able to send them back to their churches with different materials and Bibles to help them in their ministries and with their fire reignited to do more for God.

**Outreach During the Pandemic:**

Through the generosity of some of our churches, we were able to help our city during this time of pandemic. We donated many supplies and helped in many ways. One of the ways that we were able help was to take supplies for daily tea and refreshments to the main hospital in town to supply the doctors and nurses. We also gave them each a John & Romans Bible. We were also able to go from house to house in a certain area of our city, handing out bags with essential sanitation supplies, as well as Bibles. All of this was received very well, and people were very blessed to see us showing God's love, both physically and spiritually.

**Soccer Sunday and the Tanzanian Stadium Crusade:**

Please pray for our annual Soccer Sunday and Tanzanian Stadium Crusade. As of now, we are still planning on moving forward as planned with these events. The team from the U.S. is still planning on coming, and the president of Tanzania has reopened the country for sporting events. This is a huge answer to prayer. Please keep these events in your prayers so that things will continue to be open, and we will be able to hold these outreaches. Thousands of people attend these events yearly and hear the Gospel.

**Family Travel:**

Please pray for our family as we travel back to the States for a short visit of about a month and a half. We will be participating in two Missions Conferences and have a time of reunion with family.

Your representatives to Tanzania,

Jerry & Rachel Wyatt
